**Announcement**  
I wish to announce to the public that I have taken in partnership a chiropractor and a man thoroughly versed in X-Ray work, and that we are going to install one of the finest X-Ray machines in the state. He having taken special work in the X-Ray department of "The Palmer School of Chiropractic," also some work at the Meyer X-Ray Co., of Chicago. We will be ready to do all kinds of X-Ray work, especially spinographs, in the near future. We will be able to make pictures of different conditions of the stomach, liver, bowels, appendix and any bony structures. We guarantee the best of work.

By the aid of the spinograph or X-Ray machine a chiropractor can locate the bones or vertebrae of the back or spine that are out of alignment pressing on the nerves, thereby stopping the nerve force leading to the different organs, which is the cause of disease, acute or chronic.

J. A. DRAKE, Chiropractor. Abilene, phone 204. d3t20w3t

**CITY FEDERATION FINANCES ALL IMPROVEMENT PROJECTS**

The women of the city federation are taking a commendable stand in their manner of financing the civic and welfare improvement movements, which they have promoted. The funds used in the Better Baby and Clean Up Weeks came from their treasury and no outside aid, in a financial way, was asked of the business men, as in previous years. One means of raising this money is the annual rummage sale and the next one will be held Friday.

In previous years the women have

solicited outside persons for aid in their movements but they are now on a self supporting basis and one that is really businesslike.

Laying hens are paying hens. Try my laying strain Single Comb White Leghorns. Eggs \$4 per hundred. Fertility guaranteed. Mrs. Joe Boyce, Carlton, Kansas. 13w5t\*

**RANGE COMPANY SUES COUNTY**

**St. Louis Firm Seeks Injunction Against Dickinson Sheriff**

Challenging the legality and constitutionality of section 1, Chapter 67 of the Session Laws of 1915 of the state of Kansas, the Wrought Iron Range company of St. Louis has brought suit in district court against Sheriff Hassler, as sheriff of Dickinson county, to restrain him from seizing and selling certain ranges which were shipped to Abilene and which the county officials, holding were liable to taxation, have issued tax warrants to the amount of \$60.12, which with penalties makes the amount to collect \$120.24, according to the petitions filed.

Representatives of this company of St. Louis have been canvassing the rural homes of the county the past several weeks taking orders for ranges and later delivering them. The agents go overland and in wagons, taking a sample range to the home for demonstration. A shipment of these stoves was received here recently and it is this which the officials consider are liable to taxation, according to this section which provides for a tax on merchandise sold by transient peddlers, which has been shipped into a county subsequent to March 1 of any year from a county without the state.

The company charges that this section of the law is in direct conflict with a provision of the United States constitution, the federal statutes, the Kansas constitution and another section of the state statutes. A temporary injunction is asked and finally one perpetual. The statements are sworn to by W. M. Tate, division superintendent.

### HIGHEST PRICE PAID FOR EGGS

### PARENT-TEACHER ASSN. ELECTS

J. H. Yeoman of Minneapolis Gave Excellent Address

The last meeting of the season of the Central Parent-Teacher association was held last night at the high school was a most successful one and appropriately closed the winter's work. Officers were elected and the address by J. H. Yeoman, superintendent of the Minneapolis schools was excellent. He told of his experiences with the ungraded room and his address opened up a vast field of work with the deficient and precocious child to the parents of Abilene.

The officers for the ensuing year are: President, Mrs. D. C. Dutton; vice president, Rev. H. F. Martin; secretary, Miss Cora Ault; treasurer, Mr. E. H. Forney. The present ward representatives will hold over until next fall when the Mothers'

clubs of the different schools will make recommendations for their representatives in the central organization. All the petty differences that have arisen during the year have been ironed out in the opinion of M. H. Malott, past president, and the year was most gratifying for a period of organization.

The surprise of the evening was in the dainty refreshments served by the social committee.

### SPRING RUMMAGE SALE

The city federation will hold a rummage sale Friday, May 5, in the Southworth building, second door west of postoffice. 25d12wt2t

### Senate Will Talk Peace

Washington, May 3.—Peace resolutions introduced by Senators Phelan and Newlands will be considered at the meeting of the senate foreign relations committee, which will be the first in many weeks.
